Remember, these are only sample two-year plans. There are many possible combinations of electives not shown. Although you are only signing up for your seventh grade elective at this time, it helps to look ahead to your eighth grade year as you evaluate your choices.

Please note: (1) once begun, foreign language should be continued for at least three years, and those who begin in 7<sup>th</sup> grade ideally should continue to year five or six. (2) foreign language successfully completed in grades 7 and 8 does meet the college entrance requirements, as long as a student continues on in grade 9.
